

All They Mess

People talk all they mess
But they ain't 'bout what they say.

People play too many games
When I ain't in the mood to play.

People like to bump too
But that's what's up.

I ain't like them other people --
I knuck when I buck.

Wear something, shoot something.
If you gonna bump yo' guns
You might as well do something.

Put On This Earth

The reason I'm on this earth is because . . .
Well I ain't gonna lie.

I was probably put on this earth
To do God's will
But really I've been just doing my own thing.

My talents R negative!
But I'm good at sports too.
