Be Part of a Progressive Movement in San Antonio ¡Todos Somos Esperanza! Start your 2012 monthly donations now!

Esperanza works to bring awareness and action on issues relevant to our communities. With our vision for social, environmental, economic and gender justice, Esperanza centers the voices and experiences of the poor & working class, women, queer people and people of color. We hold pláticas and workshops; organize political actions; present exhibits and performances and document and preserve our cultural histories. We consistently challenge City Council and the corporate powers of the city on issues of development, low-wage jobs, gentrification, clean energy and more.

It takes all of us to keep the Esperanza going. When you contribute monthly to the Esperanza you are making a long-term commitment to the movement for progressive change in San Antonio, allowing Esperanza to sustain and expand our programs. Monthly donors can give as little as \$5 and as much as \$500 a month or more.

What would it take for YOU to become a monthly donor? Call or come by the Esperanza to learn how. *¡Esperanza vive! ¡La lucha sigue!*

Call 210.228.0201 or email esperanza@esperanzacenter.org for more info
