

## **Today I Was Angry**

Today I was angry  
about this nurse  
who hurt my feelings.

I wanted to hit her.

But I thought  
before I acted.

Because I have two weeks.

I'm trying to go to the half-way house  
And I know I changed.

I changed my ways.

I'm trying not to be the way I was.  
I didn't care about life.
