## End Stigma, End HIV/AIDS:

### A Forum Theatre Project

This original production draws from in-depth interviews with 34 San Antonio residents to depict the lived experiences of stigma related to HIV/AIDS testing and treatment locally.

Despite the substantial medical gains in HIV/AIDS prevention and treatment, infection rates by and large have not declined in the last decade in Bexar County.

Performance is followed by an audience discussion and a repeat performance involving audience participants

**Sunday, July 1st @ 3pm**
