Save the **WOOLWORTH** Building

In December 2018, the Esperanza Peace & Justice Center joined the Coalition for the Woolworth Building, a grass-roots advocacy group that supports the preservation of San Antonio's iconic Woolworth Building located across the street from the Alamo. We want to build on the historic site's presence in Alamo Plaza to share an integrated history that includes African-Americans and the Civil Rights Movement. Coalition members include the San Antonio African American Community Archives and Museum, Westside Preservation Alliance, San Antonio Conservation Society, and concerned historians, civic leaders, and community members.

We invite you to get involved and share your support for saving the Woolworth Building by contacting:
