Dia de los Muertos 2019

Thanks to the many buena gente and staff who set up a number of altars & ofrendas to our dearly departed spirits. And, mil gracias to all who volunteered their time, talent and hard work to make the 2019 Dia de los muertos as great as it was!

Thanks to the gente who took part in the Muertos procession, especially Las Monas and Graciela Sánchez, Director of Esperanza.

Thanks to staff & buena gente who completed yet another "tapete de aserrin". Below, folks enjoy food, música and readings for this special day. !!!

Many thanks to the installation artists, Michael Marinez and Paul Plouf, who along with Sarah Gould of Esperanza's El Museo del Westside included a tribute to buildings of the Westside barrio that have been demolished or no longer exist. Acuerdense, "¡Mi barrio no se vende!"

The chalk mural by Michael Marinez reminded us to: "¡Dale shine al Westside!"
