UTSA announces

Manuel P. Berriozábal, Ph.D. and María Antonietta Berriozábal Endowed Chair to support STEM-based education

The Esperanza congratulates Maria and Manuel for a much deserved honor

UTSA has created the Manuel P. Berriozábal, Ph.D. and María Antonietta Berriozábal Endowed Chair to honor and recognize the couple for their outstanding commitment to creating equitable opportunities

for students of all backgrounds.

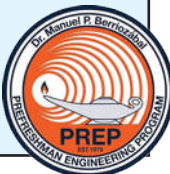

Throughout their respective careers and beyond, the Berriozábals have given back to the UTSA and San Antonio communities. For over 40 years, they have each been individually honored for their contributions. From creating accessible education programming such as the Prefreshman Engineering Program (PREP) at UTSA to amplifying the voices of others through political activism, their countless contributions have improved the lives of thousands—ranging in all ages and from all underserved communities.

The endowment signifies the first time the pair will be formally recognized together in their long history of impactful work to support a college-going culture in San Antonio.

UTSA is planning to hire a new faculty position in mathematics to fill the Manuel P. Berriozábal, Ph.D. and María Antonietta Berriozábal Endowed Chair by Fall 2023.

To recognize and honor Dr. Manuel P. Berriozábal for his firm dedication to student success and equitable educational opportunities, the UTSA PREP program will now be known as the

Dr. Manuel P. Berriozábal Prefreshman Engineering Program
